INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

A. Summary of Existing Laws and Regulations Related to the Proposed Action

The Board is a constitutional body responsible for enforcing California's civil service statutes. (Cal. Const., art. VII, § 3.) In addition, the Board, by majority vote of all its members, prescribes probationary periods and classifications, adopts other rules authorized by statute, and reviews disciplinary actions imposed against state employees. (Ibid.) The Board also establishes rules implementing and enforcing the merit principle in the state civil service system. (Gov. Code, § 18660; see Cal. Const., art. VII, § 1, subd. (b).)

Regulations adopted by the Board are exempt from the Administrative Procedure Act (APA), except as expressly specified. (Gov. Code, §§ 18211, 18215, & 18216.) The Board's regulations concerning selection, examinations, and classification may be adopted by the Board without public notice or comment; however, regulations related to selection and examinations shall be reasonably available to all interested parties. (Gov. Code, § 18213.) The rulemaking procedures set forth in Government Code section 18214 apply to the adoption of Board regulations concerning other matters.

In this instance, the subject matter of the proposed regulations relates to examinations and selection. These regulations are thus exempt from the APA process; however, the Board finds that a public comment period would be appropriate for this regulatory action.

B. Comparable Federal Regulations or Statutes

The Board has conducted a review of federal regulations and statutes and determined there are no comparable federal regulations or statutes.

C. Policy Statement Overview

With advancements in technology, online state civil service examinations and online application systems are available. Mobile bar codes are also used by many individuals when mailing envelopes. The Board’s current regulatory scheme does not include any
process and procedure related to these advances. As to civil service examination announcements and applications and job announcements and applications, this proposed regulatory action will update the Board’s rules to include standards relative to online examinations, online application systems, and the use of mobile bar codes on envelopes. This regulatory action will also conform the Board’s regulations to Government Code section 18934.

In addition, this regulatory action will clarify the length of time an appointing power can hold an employee who has accepted a new civil service appointment. To ensure that limited term appointments are properly used, this regulatory action will require written justifications for limited term positions.

Regarding transfers, this regulatory action maintains the same standards for salary calculations and comparisons as the Board’s current regulations; however, the action will clarify the Board’s regulations related to transfers by adding a definition section and standards for deep class transfers. The regulatory action will also clarify when movement of an employee should be considered a transfer or reinstatement, thus promoting consistent and uniform personnel transactions.

The Board’s current regulations do not address whether employees with temporary or limited term status may use their temporary or limited term status as a basis for transfer. This regulatory action clarifies that temporary or limited term status may not be used as a basis for transfer. Further, this regulatory action simplifies and streamlines the use of temporary assignments and loans, which will also serve to promote upward mobility. Other changes are technical for purposes of style and consistency.

D. Evaluation of Consistency and Compatibility with Existing State Regulations

In reviewing other state regulations, the Board found that the instant regulatory proposal is consistent and compatible with existing state regulations.

DETERMINATION OF FISCAL IMPACT ON PUBLIC AGENCIES:

The Board has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost to any local agency or school district that must be reimbursed in accordance with Government Code sections 17500 through 17630: None.
- Cost or savings to any State agency: This proposed regulatory package is intended to clarify and update the Board’s regulations and make more simplified and streamlined the procedures for temporary assignments and loans. Therefore, the Board expects that any costs or savings to State agencies will be minimal, if any.
• Other nondiscretionary cost of savings imposed on local agencies: None.

• Cost or savings in federal funding to the State: None.

SIGNIFICANT EFFECT ON HOUSING COSTS:

None.

ECONOMIC IMPACT ON BUSINESS:

• Significant, statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states: None.

• Effect on small business: The proposed regulations only set standards related to state civil service examinations and selection. Accordingly, it has been determined that the adoption of the proposed regulations would not affect small businesses in any way.

DESCRIPTION OF COST IMPACT:

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

RESULTS OF ECONOMIC IMPACT ASSESSMENT:

Adoption of these regulations will not:

1. Create or eliminate jobs within California.
2. Create new businesses or eliminate existing businesses within California.
3. Affect the expansion of businesses currently doing business within California.
4. Affect worker safety or the state’s environment.

It is expected that the adoption of this regulatory package will have a positive impact on the general health and welfare of California residents in that the benefits of this proposed regulatory action include simplifying and streamlining procedures related to temporary assignments and loans, which will also promote upward mobility.
